GETTING TO KNOW

Lakeshore Technical College

WHAT WE DO

LTC GRADUATES IN THE COMMUNITY
You might not realize the many ways LTC graduates touch your life. When you visit the doctor or dentist, require a car repair, or receive IT support, you’re likely touched by an LTC graduate. Maybe it’s assistance from a police officer or the transport in an ambulance. Or maybe it’s the teacher in your childcare center - all likely to be LTC grads.

10,550
TOTAL STUDENTS SERVED IN 2017-18

COLLEGE DEGREES & CAREER CREDENTIALS
LTC focuses on education for local careers, offering more than 70 programs in 13 career areas. Students choose full degree-programs, specific courses to learn specialized skills, or take advantage of dual credit options where both college and high school credit can be earned while still in high school. As a regionally-accredited institution, LTC credits transfer to numerous four-year colleges and universities.

4,448
CREDENTIAL-SEEKING STUDENTS

WORKFORCE TRAINING
Businesses and other organizations tap LTC’s education expertise by contracting with the college to provide customized training at the workplace or on-campus to provide professional development and hands-on training to their workforce. The college also offers seminars for community members to advance a specific career skill.

5,614
WORKFORCE TRAINING STUDENTS

APPRENTICESHIP
The Registered Apprenticeship program is a partnership between student, employer and college where the apprentice combines on-the-job training with LTC coursework. Apprentices attend class on work time. LTC offers apprenticeships in eleven different construction and industrial career areas.

209
APPRENTICESHIP STUDENTS

ADULT BASIC EDUCATION
For community members who did not complete their high school credential, LTC offers a variety of high school equivalency options, such as the General Education Development (GED) credential. The college also offers services for English Language Learners (ELL) and pre-college coursework for those who need to shore up skills prior to entering a degree program.

915
ADULT BASIC EDUCATION STUDENTS
