-------	------	---	------	--------------

65959	9/28	R	6-9p	Manitowoc
-------	------	---	------	-----------

Composting with Worms **\$11.11**

Teaches the basics of vermicomposting & how to troubleshoot for a successful composting experience. The helpful happy worms will create an all natural chemical free soil amendment to supplement your garden's soil. You will help build your own bin & go home with worms & the knowledge. This is a fun, family- oriented hands on wiggly worms experience!

65937	11/30	R	6-7:30p	Oostburg
-------	-------	---	---------	----------

Designs for Sustainable Landscape Mgmt **\$24.33/\$4.50***

Is part of a three-part series that explores the interrelationship of landscape designs, methods of their maintenance, and how natural and human systems dovetail in the development of successfully managed sustainable landscapes. Lecture A-Favorite Landscapes are all a Result of Human Design; Lecture B-Plan for Error and Don't be Surprised when Your Plan Works; Lecture C-Run Your Landscape Crew Like a Pirate Ship, and other Lessons from History and Ecology. Targeted audience—professionals, students, amateurs.

65982	10/17-10/31	T	6-8p	Sheboygan
-------	-------------	---	------	-----------

Exploring Beekeeping **\$17.72**

Provides an introduction and overview on beekeeping, including the history of bees, understanding beehives, the life cycle of a honey bee, by-products of the hive and the overall understanding of hobby beekeeping. You will be able to make a well-informed decision about keeping bees after this class. Students will receive a set of "beekeeping trading cards" which will illustrate and describe bees and beekeeping techniques.

65927	9/19	T	6-9p	Oostburg
-------	------	---	------	----------

65929	9/27	W	6-9p	Plymouth
-------	------	---	------	----------

Fall and Winter Container Gardening **\$17.72/\$4.50***

Shows you how you can have a colorful garden even in the Fall and Winter months. In this class, you will learn how to plant your summer containers full of cool-season plants. Fall is a great time to experiment with texture and color in a container garden. While mums and asters can be spectacular and classic in a fall container garden, there are also perennials and lots of other choices that will last well beyond the first frost. Come to this class and learn how to keep your green thumb going, even when winter comes to call!

Personal Enrichment classes offered through LTC • Fall 2017

Natural Plan Communities of the Lakeshore **\$24.33/\$4.50***

Part of a three-part series that delves into the characteristics of our Lakeshore area's naturally-occurring plant communities and their interactions, and describes how to preserve and reintroduce them again. Lecture A-Glaciers and People Made these Woods; Lecture B-Upland Woods; Lecture C-Wet Woods. Sessions begin with an image-illustrated lecture and move on to questions and audience exchange. Content is targeted at a mixed audience of professionals, students, and interested amateurs.

65980	9/5-9/19	T	6-8p	Sheboygan
-------	----------	---	------	-----------

Planning for Spring **\$17.72/\$4.50***

Allows you to stay warm as the cooler months approach by keeping your spring garden in mind. Planning and preparing in the fall will lead to a beautiful garden in the spring and after. Learn how to create a plan that includes current plants and incorporating new and a few crucial steps to complete now that will make spring gardening easier. Do you want to start plants in the winter or learn about companion and succession gardening? Get a head start on all of it by taking this preparation class.

65615	9/26	T	6-9p	Oostburg
-------	------	---	------	----------

Preparing your Landscape for Winter **\$17.72/\$4.50***

Teaches learners the steps to successfully prepare your yard and gardens for the winter. Topics covered will include: protecting plants from deer, bugs, and rabbits, which plants should be wrapped and when, closing down irrigation systems and ponds, end of the year pruning and basic steps including container plant care, hoses, faucets, garden tools and more.

65664	10/19	R	6-9p	Oostburg
-------	-------	---	------	----------

65958	10/23	M	6-9p	Manitowoc
-------	-------	---	------	-----------

Prune Like a Pro **\$17.72/\$4.50***

Covers how pruning promotes a strong tree structure and leads to an aesthetically pleasing and long living tree or shrub. Poor pruning can be costly and lead to early tree removal. Since winter is the best time of the year to prune your woody plants (shrubs, trees and evergreens) spend a night learning the right techniques now!

65652	11/15	W	6-9p	Elkhart Lake
-------	-------	---	------	--------------

Putting Your Perennials to Bed **\$17.72/\$4.50***

Teaches how and when to put your perennials to bed for winter. The student will also learn how to get the most out of your perennials for winter and make spring clean-up easier; also which perennials can be successfully planted in fall.

66011	10/4	W	6-9p	Oostburg
-------	------	---	------	----------
