

Welcome to the Public Safety Workshops page. These workshops have been designed to assist service training officers with their training needs. We are able to offer you a short 3-4 hour training session on any of these topics. Some of these require a large practical component that may be more feasible if done on campus at LTC, so please contact us to discuss your exact needs and for scheduling. A minimum of twelve students is needed. Please contact either:

Faye Aschenbach (920) 693-1613 faye.aschenbach@gotoltc.edu or
 Ryan Skabroud (2920) 693-1347 ryan.skabroud@gotoltc.edu

EMS Workshops	Fire Workshops
Communications	SCBA: Use, care, and maintenance
Challenging Airway Management	SCBA: confidence drills
