

STAFF UPDATE FROM PRESIDENT PAUL CARLSEN – June 19, 2020

Team LTC,

On this Juneteenth we reaffirm our commitment to advancing equity and social justice. The training of law enforcement officers has recently come under a microscope, and reasonably so. I hope you can join me at 1 pm for today's virtual Team Huddle where Ryan Skabroud, our Dean of Energy and Public Safety, will give an overview of our Criminal Justice program. Hear first-hand from Ryan how LTC's Criminal Justice program goes above and beyond the minimum training standards required by the Wisconsin Department of Justice to ensure our graduates are the type of people we want responding when our families call 911. You will also have the opportunity to ask Ryan questions about the program. The session will be recorded for those of you who cannot make it.

Thanks, Paul
