

STAFF UPDATE FROM PRESIDENT PAUL CARLSEN – April 18, 2020

Team LTC,

It is hard not being around people. I especially miss the non-work related conversations I would have with folks when we would pass each other on campus. For example, Don Geiger and I like to gossip about football when we see each other. We did our best to get our football fix over an email exchange, but it just wasn't the same. So to help return a human element to this isolation, I sat down with Don and we recorded a conversation. We suffered through connectivity issues, talked about students, and talked about a whole host of other stuff (football, Netflix, how we pass the time, etc.). Hope you enjoy!

Thanks, Paul
