

STAFF UPDATE FROM PRESIDENT PAUL CARLSEN – May 5, 2020

Team LTC,

As we begin to open campus to more students, faculty, and staff, we continue to take appropriate measures to protect the wellbeing of our students, ourselves, and our community. Of particular note is the training provided today to those folks “west of the bridge” as they prepare to host students starting tomorrow. Ryan Skabroud, Dean of Public Safety and Energy briefed faculty and staff on the process for checking students in and Brandon Sy, Public Safety Instructional Lab Specialist, briefed them on sanitization expectations. I appreciate how seriously everyone is taking the restrictions we have put in place when on campus.

Thanks, Paul
