

STAFF UPDATE FROM PRESIDENT PAUL CARLSEN – May 9, 2020

Team LTC,

Happy early Mother's Day to all you Moms! This week I connected with Cori Wicklund, our Ophthalmic Assistant Instructor. Cori and I discussed homeschooling, podcasts, competency based education (CBE), how she claims to "run a little" despite logging 10 miles on her runs, and how excited her program is to be in the year 2020!

Thanks, Paul

And I have no clue why the below message is saying I am sharing highlights with you...I am still learning. The entire connection was a highlight!
