

## **STAFF UPDATE FROM PRESIDENT PAUL CARLSEN – March 28, 2020**

Team LTC,

Earlier this week I tried the best I could to get familiar with Panopto and decided to share my first video with you. Please forgive the poor lighting and crummy audio...I am still learning. The embedded video is only 1:07 minutes, but it took about four hours of work to get there (and a lot of hand holding from Matt Carpenter, Heather Pokorsky, and Heidi Soodsma). It was a humbling experience. My sincerest appreciation and admiration to all of our faculty. In a matter of days you converted 207 courses online. What you did is amazing, and I know the work is ongoing. Keep up the extraordinary work!

Thanks, Paul
