

STAFF UPDATE FROM PRESIDENT PAUL CARLSEN – May 15, 2020

Team LTC,

Manitowoc County rescinded their Safer at Home Extension Order about an hour after I sent my update. Please see attached. This roll back will not impact our current practices or scheduling. As I shared yesterday, we will continue to operate under recommended CDC guidelines, and our instructional plans for the remainder of this term and the summer term will not change. We will continue to follow our plan for re-opening, which I communicated on May 1st.

Thanks, Paul Carlsen
