

STUDENT UPDATE FROM VP OF STUDENT SUCCESS, POLLY ABTS– March 30, 2020

LTC Students –

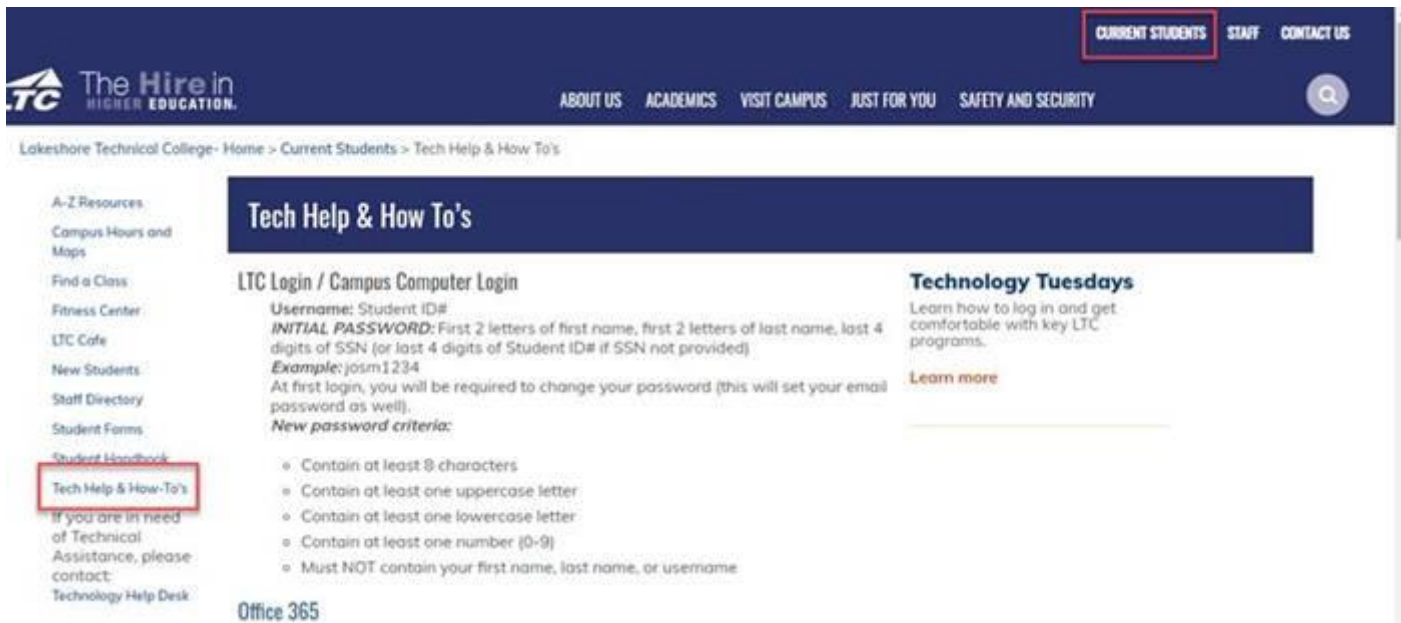

The most frequent issue received at the Technology Help Desk is “I forgot my password; how do I reset it?” For faster resolution, you can do it yourself!

Go to the [Current Student](#) page of the website and click on *Reset Password Tool* (see below).

Another way to get at the same tool is to visit the [Tech Help and How To's](#)

This page not only gives you instructions on how to reset your password but provides other technology assistance.

Thank you!
Polly Abts
