How Much Does VA Pay?**Educational Costs**

CH30 does not pay tuition, fees, books, or supplies.

Monthly Benefit

See Education Rates Chart for CH30 Federal VA Educational Monthly Benefits on page 15 of this guide.

The monthly benefit paid to you is based on the type of training you take, length of your service, your category, and if DOD put extra money (“Kickers”) in your MGIB Fund or you participated in the \$600 “buy-up” program. It varies by Active Duty-Less than 3 years vs. Active Duty-3 or more years OR 2 years Active Duty and 4 years Selected Reserves. Monthly Benefits may be higher if a “Kicker” is involved.

Entitlement

Accrues at the rate of one month for each month of active duty up to a maximum of 36 months full-time credits or its equivalent in part-time education. For example, if you receive half-time benefits for 12 months, the charge is six months.

Time Limit

Ten years from date of last discharge from active duty.

Important Notes

A cost-of-living allowance may be added each October.

Chapter 31 – Veterans Readiness & Employment (VR&E) (Previously Vocational Rehabilitation)

CH31 is for veterans with a 20% or more service-connected disability (possibly lower if determined by VR&E) for post-secondary training at a college, vocational, technical, or business school. Can also be used for on-the-job training (OJT), apprenticeships, and non-paid work experiences. Must have received, or will receive, a discharge that is other than dishonorable. Must apply for services through the Veterans Affairs/Veterans Readiness & Employment Office in Milwaukee.

How Much Does VA Pay?**Educational Costs**

CH31 does pay tuition, fees, books, and supplies from the VA.

Monthly Benefit

See Education Rates Chart for CH31 Federal VA Educational Monthly Benefits on page 15 of this guide.

Adjustments are made for dependents.

Additional documents such as marriage and birth certificates may be required.

Entitlement

Maximum 48 months.

Time Limit

Usually twelve years from date of disability.

Important Notes

A cost-of-living allowance may be added each October 1.

Other Information

- Individuals may be eligible for more than one chapter of benefits for a cumulative total of 48 months. Only one chapter of benefits can be utilized at a time.
- A veteran participating in the VR&E Program who qualifies for Post-9/11 GI Bill® benefits can elect to receive the GI Bill® rate of pay instead of the regular Chapter 31 subsistence allowance. In most cases, the GI Bill® rate is higher than the regular Chapter 31 rate of pay. To elect the GI Bill® rate, the Veteran must have remaining eligibility for the Post-9/11 GI Bill®, and must formally choose (or “elect”) the GI Bill® rate. Your Vocational Rehabilitation Caseworker can help you with election.
- Veterans participating in the VR&E Program who elect the Post-9/11 rate are paid at the 100% rate level for their school and training time, even if their Post-9/11 GI Bill® eligibility is less than 100%.

Chapter 33 – Post-9/11 GI Bill®

CH33 is for Veterans who served active duty after September 11, 2001, who have at least 90 days of aggregate active-duty service after Sept. 10, 2001 and are still on active duty, or who were honorably discharged or were discharged with a service-connected disability after 30 days. Students must be in a VA-approved academic program (see CH30 education qualifications above). CH33 went into effect August 1, 2009 (see www.va.gov for more information).

Monthly Benefit

Housing Allowance (Paid to Student) -

- Online students receive the national average rate which is less than on-campus rates.

Entitlement

Maximum 36 months.

Time Limit

Generally payable for 15 years following your release from active duty. However, the “Forever GI Bill®” signed into law on August 16, 2017, removes the time limitation for the use of Post-9/11 GI Bill® benefits for individuals whose last discharge or release from active duty is on or after January 1, 2013, children of deceased service members who first become entitled to Post-9/11 GI Bill® program benefits after January 1, 2013, and all Fry spouses. All others remain subject to the current 15-year time limitation for using their Post-9/11 GI Bill® benefits.

Important Notes

- A cost-of-living allowance may be added each August.
- Eligible service members may transfer all 36 months or the portion of unused Post-9/11 GI Bill® benefits (unless DoD or the Department of Homeland Security has limited the number of transferable months). If you're eligible, you may transfer benefits to the following individuals: your spouse, one or more of your children, any combination of spouse and child (see below for more information).

Chapter 33 – Post-9/11 GI Bill® Transfer of Entitlement (ToE)

The Department of Defense (DoD) offers members of the Armed Forces the opportunity to transfer CH33 benefits to their spouse or dependent children if the member of the Armed Forces (active duty or Selected Reserve) serves six years and reenlists for 4 more years or has at least 10 years of service.

While in the Armed Forces, members use the Transfer of Entitlement (ToE) website to designate, modify, and revoke a ToE request. After leaving the Armed Forces, members must submit a written request to the VA to: provide a future effective date for use of ToE, modify the number of months transferred, or revoke entitlement transferred.

NOTE: After separating from the Armed Forces individuals cannot designate new dependents to receive transferred entitlement or amend the effective date of the initial transfer of entitlement to an earlier date. As of the passing of the Forever GI Bill® August 2017, the following changes occurred:

- Veterans who transferred entitlement to a dependent can now designate a new dependent if the original dependent dies before using the entitlement.
- Dependents who received transfer of entitlement under the Post-9/11 GI Bill® can transfer their entitlement to another eligible dependent if the Servicemember or Veteran who made the transfer subsequently dies.

- This law applies to deaths on or after August 1, 2009. A dependent to whom entitlement is transferred may use it beginning on or after August 1, 2018.

Information regarding this benefit can be found at: [Transfer of Post-9/11 GI Bill Benefits](#). It explains what the member must do and the child/spouse must do, and gives the needed links. There are two basic steps:

- The service member (transferor) must transfer the entitlement. If approved, transfer data is put into a secure online database that DoD shares with VA. That database, in addition to providing VA qualifying periods of CH33 service, also provides ToE data.
- The spouse or child (transferee) must apply by completing VA Form 22-1990e Application for Family Member to Use Transferred Benefits. Application can be completed online.

Chapter 35 – Survivors’ and Dependents’ Educational Assistance Program (DEAP)

CH35 offers education and training opportunities to eligible dependents of veterans who: are permanently and totally disabled due to a service-related condition or who died while on active duty or as a result of a service-related condition. Benefits may be used for degree and certificate programs, apprenticeship, and on-the-job training.

Dependents may receive up to 45 months of education benefits. This will decrease to 36 months effective **August 1, 2018**. Effective Oct. 1, 2013, some DEA beneficiaries may be eligible for up to 81 months of GI Bill® benefits if they use the Survivors and Dependents Educational Assistance program in conjunction with an entitlement from other VA Education Benefit Programs.

Eligibility

You must be the child or spouse of:

- A veteran who died or is permanently and totally disabled as the result of a service-connected disability. The disability must arise out of active service in the armed forces.
- A veteran who died from any cause while a permanent and total service-connected disability was in existence.
- A service member missing in action or captured in line of duty by a hostile force.
- A service member forcibly detained or interned in line of duty by a foreign government or power.
- A service member, hospitalized or receiving outpatient treatment for a service-connected permanent and total disability, and likely to be discharged for that disability (change effective 12/23/ 2006).

How Much Does VA Pay?**Educational Costs****Monthly Benefit****Housing Allowance (Paid to Student) -**

See Education Rates Chart for CH35 Federal VA Educational Monthly Benefits on page 15 of this guide.

Time Limit/Period of Eligibility

Children of Veteran/Service Member may receive benefits between the ages of 18 and 26, even if married. These time limits can be extended under certain circumstances. For spouse of Veteran/Service Member, benefits end 10 years from the date VA finds spouse eligible or from the date of death of the Veteran. A spouse of a Veteran who died while on active duty has 20 years from the date of Veteran's death (see www.gibill.va.gov for more information).

If you are in the Armed Forces, you may not receive this benefit while on active duty. To pursue training after military service, your discharge must not be under dishonorable conditions. VA can extend your period of eligibility by the number of months and days equal to the time spent on active duty plus four months.

Important Notes

A cost-of-living allowance may be added each October 1.

Chapter 1606 MGIB Selected-Reserve (MGIB-SR)

CH1606 is for eligible members of the Selected Reserve, including the Army Reserve, Navy Reserve, Air Force Reserve, Marine Corps Reserve, Coast Guard Reserve, Army National Guard, and Air National Guard. Eligibility for this program is determined by the Selected Reserve components.

Requirements To Qualify:

- Have a six-year obligation to serve in the Selected Reserve signed after June 30, 1985. If you are an officer, you must have agreed to serve six years in addition to your original obligation. For some types of training, it is necessary to have a six-year commitment that begins after Sept. 30, 1990.
- Complete your initial active duty for training (IADT).
- Receive a high school diploma or equivalency certificate before completing IADT. You may not use the exception to earn 12 hours toward a college degree to meet this requirement.
- Remain in good standing while serving in an active Selected Reserve unit. You will also retain MGIB-SR eligibility if you were discharged from Selected Reserve due to a disability that was not caused by misconduct. Your eligibility period may be extended if you are ordered to active duty.

How Much Does VA Pay?**Educational Costs**

CH1606-SR does not pay tuition, fees, books, or supplies.

Monthly Benefit**Housing Allowance (Paid to Student) -**

See Education Rates Chart for CH1606 Federal VA Educational Monthly Benefits on page 15 of this guide.

Monthly benefits may be higher if a kicker is involved.

Entitlement

36 months full-time credits or its equivalent in part-time education.

For example, if you receive half-time benefits for 12 months, it uses up six months of entitlement.

Time Limit

Your eligibility for the program normally ends the day you leave the Selected Reserve.

There are exceptions to this (see www.gibill.va.gov for more information).

Important Notes

A cost-of-living allowance may be added each October 1.

Chapter 1607 – Reserve Educational Assistance Program (REAP)

There is no longer eligibility for this benefit. Chapter 1607 was created for those who served in the Selected Reserve or National Guard and were called or ordered to active duty in response to a war or national emergency as declared by the President or Congress. However, the National Defense Authorization Act of 2016 ended REAP on November 25, 2015. Some individuals remained eligible for REAP benefits until November 25, 2019.

CH33 Post-9/11 GI Bill® in many ways has replaced REAP because it also provides educational assistance benefits for Reserve and National Guard members called to active duty on or after September 11, 2001, and in many cases provides a greater benefit than REAP.

Address Change

Report any change in address to LTC Records Department.

Also report a change of address to the Veterans Administration via the WAVE process (see below).

Credits/Enrollment

Credits will be certified for dates/weeks listed on your registration.

Training time for any semester is based upon number of credits AND number of weeks the course meets.

Not all courses are the same length of time, which may affect rate of pay during the semester. You might have a total of 12 credits and think you are full-time but may not be due to VA calculation that considers weeks.

Enrollment Status Changes

It is the responsibility of the student receiving Federal VA Educational Benefits to notify the LTC Veterans School Certifying Official (SCO) of any changes in enrollment or withdrawal.

Called to Active Duty While a Student

If you are called to active duty while attending LTC, you must provide the Veterans School Certifying Official (SCO) with a copy of your orders. You must also contact LTC Records to withdraw from your courses. You will receive a 100% tuition refund unless you are able to complete course requirements prior to deployment. Monthly Student Verification of Enrollment

CH30, CH1606, CH1607 students: are required, on a monthly basis, to verify attendance to the VA (WAVE verification). Student verification of enrollment triggers the VA to issue the prior month's check to the student. Use [Web Automated Verification of Enrollment \(WAVE\)-https://www.gibill.va.gov/wave/index.do](https://www.gibill.va.gov/wave/index.do) or call VA toll free Interactive Voice Response (IVR) telephone line at 1-877-VA-ECERT (1-877-823-2378) to verify your attendance.

CH35 DEA students who are in a non-degree program: must verify attendance by calling 1-888-GI BILL-1 (1-888-442-4551), or by using "[Ask VA.gov](https://www.va.gov)" (formerly "Ask a Question").

On-line WAVE accessibility can also be used to change your mailing address and direct deposit, view current benefit information, sign up for monthly reminder messages, and determine if there is anything pending at VA.

Prior Credits/Military Experience

Request your Official Military Transcript be sent to LTC, so it can be reviewed for any training that could give you advanced standing credit for classes at LTC. LTC Registrar will review the transfer credits.

- Go to Joint Services Transcript (JST) site <https://jst.doded.mil/smart/signIn.do>
Click on "How to request an official transcript" for instructions.

Tuition and Fees

All students are required to pay for their tuition and fees except those receiving Chapter 31 or Chapter 33 benefits (including Fry Scholarship and Transfer of Entitlement). Veterans Education (VetEd) Grant

The Veterans Education Grant Program (VetEd), S45.20 Wisconsin Statutes, reimburses veterans for tuition and fees paid for courses when enrolled as an undergraduate student. **Wisconsin veterans who do not have a bachelor's degree** may use the VetEd to pursue educational or vocational objectives up to a bachelor's degree at an eligible school. Reimbursement may be up to 100% of unreimbursed tuition and fees, not to exceed the amount charged by UW-Madison for the same number of credits. **The reimbursement percentage may be adjusted periodically to reflect demand and available funding.**

Courses must contribute to a degree, certificate of graduation, or course completion. Courses offered under clock-hour standards are not eligible for reimbursement. The maximum number of credits for which a veteran may receive reimbursement is based on the amount of time the veteran served on active duty. Active Duty for Training does not count toward department or program eligibility.

Active Duty Time	Maximum Amount of Credits
90 to 180 days	30 credits or two semesters
181 to 730 days	60 credits or four semesters
731 days or more	120 credits or eight semesters

Veterans must achieve a semester GPA of 2.0 or better to be eligible for reimbursement and must submit the application to WDVA no later than 60 days after the start of the academic period. The WDVA 2200 application and information can be accessed via this website: [WDVA VetEd Grant](#) or can be applied for through the County Veterans Service Office.

Veterans may use the VetEd for full-time or part-time study up to their 10-year anniversary of leaving active duty (delimiting date). To be eligible for the VetEd Grant, the veteran's household income must be below \$50,000 plus \$1,000 for each dependent in excess of two dependents. Information can also be found in the [Wisconsin Tuition Programs Brochure](#), which can be linked to from the Veteran Section of the LTC website.

Retraining Grant

Recently unemployed or underemployed veterans may receive up to \$3000 per year for a maximum of two years, if they have a financial need while being retrained for employment. Amount is determined by financial need as calculated by the WDVA. Other grants will be included when determining need for this program and will be included on the application. The Retraining Grant Application can be accessed via this website: [WDVA Retraining Grant](#) can be applied for through the County Veterans Service office.

To qualify, applicant must have been involuntarily laid off or discharged (not due to willful misconduct) within a period beginning one year before the date the WDVA receives the application. Must have been employed for at least six consecutive months with the same employer or in the same or similar occupations. At least one day of that employment must have been within the period beginning one year before the date that the WDVA receives the application.

Must have current annual income from employment that does not exceed federal poverty guidelines. Must be currently enrolled in a technical education program or structured on-the-job training program that will be completed within two years of the date application is received by WDVA and it must reasonably be expected to lead to employment. Written verification of satisfactory progress may be required by WDVA.

Applicant may receive a second retraining grant no sooner than one year after first grant was issued. Cannot receive more than two retraining grants or a retraining grant and another WDVA education grant for the same period.

OTHER ASSISTANCE

Financial Aid

A comprehensive financial aid program helps students who would otherwise be unable to afford their education.

The financial aid program is administered on the principle that financial assistance should be viewed only as supplementary to the efforts of the family. Therefore, to determine need and make awards fairly, the parents of aid applicants are required to complete a financial aid application. In the case of a student who is clearly self-supporting in accordance with federal guidelines, eligibility is based on the financial resources of the student and/or spouse. All financial aid awards are based on the applicant's financial need as determined by the Financial Aid Office.

Applications for financial aid or questions/concerns regarding financial aid should be directed to the Financial Aid Office, (920) 693-1718, financial.aid@gotoltc.edu. The Veterans School Certifying Official (SCO) can also assist with financial aid questions/concerns. Complete the Free Application for Federal Student Aid ([FAFSA](#)) after October 1 each year to apply for aid for the next school year.

Scholarships

The LTC Foundation operates for the purpose of aiding students and the college. [LTC Foundation Scholarships](#) links you to the single application to fill out to be considered for all Foundation Scholarships. Their application deadline for fall scholarships is generally around the middle of March; for spring scholarships, around the end of October.

Students can also click [“Additional Scholarship Opportunities Listing”](#) to view a listing of other outside (external) scholarships, their criteria, and application information.

Veterans Standards of Progress - Policy for Federal Benefits

To obtain federal veterans educational benefits government regulations require you to maintain satisfactory academic progress in the program in which you are enrolled. Academic suspension will be reported to the Veterans Administration, as officials at Lakeshore Technical College are obligated to do so. Failure to meet satisfactory progress requirements will result in:

GPA of 1.0 to 1.99 - veterans academic probation during the next semester of enrollment. During the semester you are on veterans academic probation you must achieve satisfactory progress with a 2.0 GPA or lose eligibility for benefits the following semester.

GPA of .99 or lower - veterans academic suspension. If you earn less than a 1.0 grade point average for any semester, you will lose your eligibility for veterans benefits. If you become ineligible for veterans benefits, you can reestablish eligibility by seeking counseling services through your LTC guidance counselor in order to resolve academic or other problems and to establish a meaningful plan for successful completion of your education or training. A specific request for resumption of veterans benefits following an interruption due to unsatisfactory progress or conduct must be filled out by you and your counselor and submitted to the veterans certifying official at LTC to determine whether further payments of veterans educational assistance allowance should be authorized. This form will be mailed to you with notification of your unsatisfactory progress. You can reestablish eligibility in this manner only one time. If you are suspended a second time, you will need to take six credits in a semester and pass with a 2.0 GPA or greater. You will be able to resume your benefits the semester following this.

The law prohibits any payment for a course which is not used in computing graduation requirements unless extenuating circumstances are shown. If you fail a course, you are allowed one retake, and you will have one year to retake it. If you fail that course a second time, you will be required to pay for it on your own the third time.

If you feel there are extenuating circumstances, you should notify the Veterans Administration of the circumstances. The Veterans Administration will then make a decision regarding whether the extenuating circumstances are beyond your control.

If you do write to the Veterans Administration, explain the circumstances in detail in order that a fair and just decision can be made. Be sure to include your Veterans Administration claim number. Any correspondence should be addressed to:

**Veterans Administration Regional Office
P.O. Box 4616
Buffalo, NY 14240-4616**

Veterans Standards of Progress - Policy for Wisconsin GI Bill Benefits

As of January 1, 2014, a student must have at least a 2.0 cumulative GPA to qualify for benefits (Wisconsin GI Bill tuition/material fee waiver). Student will be responsible for any costs associated with attending classes, if cumulative GPA is below 2.0. This will be a requirement for every semester.

If you lose your WI GI Bill eligibility because of your GPA but later improve your cumulative GPA to at least 2.0, you will be able to use the WI GI Bill during the next semester in which you enroll for classes.

Supplemental stipends will still be paid if the 2.0 cumulative GPA is not met but student has met eligibility criteria for that (applied/eligible for Chapter 33 Post-9/11 GI Bill federal benefits and relinquished other federal benefits and has Wisconsin GI Bill eligibility).
