

Youth Apprenticeships at Nemschoff

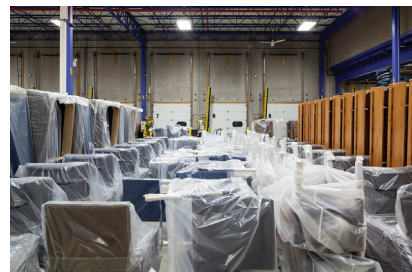

About Nemschoff

Nemschoff, a Herman Miller company, provides innovative furnishings for healthcare and other high-use environments, including education and public spaces. With equal emphasis on style and performance, Nemschoff solutions combine high-quality materials and construction, thoughtful features, and unparalleled comfort, into a unique form of design that has become the preferred choice for equipping healthcare environments.

Who We Are

We were founded on a few key principles that still guide us today—people make a difference, things should be built to last, and good design can improve the way we live, learn, work, and heal. Our focus is on nurturing creative people, innovative thinking, and forward-looking healthcare solutions. Our mission—design for the good of humankind—helps us shape places that matter while contributing to a more equitable and sustainable future for all.

YA Opportunities

We currently have one opening for the Youth Apprentice Program as a CNC Operator. Here's a little bit of what you'll do:

- Learn to work with computer numeric control (CNC) programs to manipulate motion on a machine and some set up functions
- Work with CNC routers and CNC boring machines
- Troubleshoot and problem solve and issues
- Learn about continuous improvement
- Get hand-on experience with mentored on-the-job learning
