

Anna's Youth Apprentice Experience

"Instead of sitting in a classroom, I was able to go to work and spend my time doing things that were focused on giving me hands on experience and were often more related to my future career interests."

Company History

Over 50 years ago, we began more than a sausage company—we created a legacy that led to Sheboygan, Wisconsin, being known as the "Bratwurst Capital of the World." Sheboygan has always had a proud German heritage—people with a strong work ethic and a history of excellent sausage. Old Wisconsin is built on this foundation, and it can still be tasted today in our quality and slow, hand crafted approach to sausage making.

Real. Genuine. Taste.®
